To Whom It May Concern:

This letter is written to recommend the work of Michelle Knox and her company **WindSolarUSA, Inc.**

Michelle's company successfully worked on and completed a solar installation project at Maldaner's Restaurant working on a grant secured through Lincoln Land Community College. Michelle Knox, owner of WindSolarUSA, Inc., was the prime contractor that oversaw the construction and all aspects of the project. Michelle and her company worked diligently to complete this project on time and they were sensitive to our needs as well as our client's needs.

Michelle was also instrumental in relaying other rebate information for the project. In the end, a project that cost almost \$70,000 to complete cost Maldaner's Restaurant \$300. Michelle also provided professional assessments and paperwork necessary to secure additional funding.

I not only recommend Michelle and her company, but look forward to continuing our business relationship with them in the future.

Sincerely,

Julie Rourke
